Patent Database Search: Error

The Query (US-2003-0126968-A1) was unparseable (Invalid Patent Number Search). A common cause of this is neglecting to enclose multi-word terms in "s". That is, if you entered safety syringe as a term, you need to use "safety syringe" instead.

See the [number search help page](#) for more details.

Dear Sir,

Appn. no. 10/042,433 - INVENTOR, GOPINATH, BADDEPUDI

Your notice of publication of date 07/10/2003, gave me

a publication no and date for my patent application.

- I tried to access it on your site and did not succeed.

- The search result says "the query was 'unparseable' as shown above in the printout.

I presume either it is not published or the number is wrong.

I request you to see why I am not able to access the publication

on line. You may reply by <sup>postal</sup> mail or if the rules permit by FAX at the number 9140 2455 9812 Attention: Gopinath.

Regards,

23<sup>rd</sup> July, 2003.

(B. G. GOPINATH)
